A: According to MIDI Transcription, there is WIDI Audio To Midi VST plugin. The plugin saves 60 seconds of any opened up or made MIDI file. The following link is related to this: Q: VueJS - V-if for elements loaded with vue-loader For some reason, the VueJS V-if directive is not working when I'm loading my template with vue-loader. Here's the error when I load my template via vue-loader: [Vue warn]: Unknown custom element: - did you register the component correctly? For recursive components, make sure to provide the "name" option. found in at options.error (main.js:43095) at e
